

CSSANZ Foundation

Your surgeon is a member of the Colorectal Surgical Society of Australia and New Zealand.

The Society established its Research Foundation with the specific aim of improving patient care by supporting high quality research into colorectal disease.

Research projects in areas as diverse as the genetics of colorectal cancer and the treatment of bowel incontinence have already been given financial support.

Please support this important initiative.

Your contribution will help to make all the difference.

COLORECTAL SURGERY RESEARCH

- Bowel cancer
- Ulcerative colitis
- Crohn's disease
- Bowel incontinence

You can help us
to understand and treat
these and many other bowel
diseases. Together we can
find the solutions

FOUNDATION

CSSANZ Foundation

The CSSANZ Foundation was established in 2003 to support research into colorectal diseases within Australia and New Zealand. This has been made possible by generous contributions from Industry sources, as well as from the Colorectal Surgical fraternity, and through the proceeds of conferences and scientific meetings.

Already numerous research projects into widely divergent colorectal disease processes have been funded through the Foundation. In time, the results of these projects—and others—will contribute to a greater understanding of both the causes of, and the optimal treatments for, these diseases. All of us stand to benefit from the advances that this research will bring.

The ability of the Foundation to expand this vital work depends upon the growth of its funds. Contributions from Industry and from within the profession need support from the general public and the wider business community if the full potential of our many outstanding established researchers is to be realised and if emerging researchers of the future are to be nurtured.

Contributions to the Foundation are tax-deductible. I urge you to advance the care of all patients with colorectal disease by making a gift or bequest to the Foundation.

Your contribution will help to make a difference in improving the lives of others. I hope that ***you can help us to find the solutions.***

Professor Ian Jones FRACS
Foundation Chairman

Thank you for your gift to the CSSANZ Foundation.

Every cent will be used to enhance the lives of people with colorectal disease through original research.

Donations should be forwarded by mail to:

CSSANZ Foundation Pty Ltd
Suite 6, 9 Church St
